with service departments when getting a vehicle repaired—but what happens when that vehicle is a boat? Those encounters are harrowing—and even if you’re only boating on a seasonal basis, they occur frequently. From general boat repairs, annual winterizing service, dry docking, and springtime tune-ups, it may seem like the bills never end. Michael Bivona, a certified public accountant, helps you navigate being a boat owner in this guide to saving money. He’s saved more than \$150,000 in repairs and maintenance over his forty-plus years of boating and has avoided many unhappy breakdowns. Whether you do maintenance and repairs yourself or go to a professional, he shares money-saving tips, including:

- Unless there is extensive damage to your boat, always insist on a written estimate.
