Construction Administration and Inspection Checklists Fred A. Stitt,1992 This guide supplies architects, contractors, developers and engineers with a comprehensive set of construction administration and inspection checklists. It enables users to track, manage and document every stage of a construction project, from initial sitework and structural framing to finished carpentry and painting. The guide can be easily customized or input into office computer programs, and includes a full log to prepare against any future claims. The pages are perforated and three-hole-punched to permit easy on-site use.
