Brilliant Cover Letters James Innes, 2009 Brilliant Cover Letters is the definitive book on cover letters, it tells you the do's and do not's to make sure your cover letter stands out.

Brilliant Cover Letters James Innes, 2010 Brilliant Cover Letters is the definitive book on cover letters, authored by James Innes, the Founder and Managing Director of The CV Centre - the UK's leading CV consultancy - responsible for writing many tens of thousands of cover letters annually. The advice given is tried, tested and proven on a daily basis within The CV Centre. Brilliant Cover Letter includes free bonuses such as cover letter templates available for download and immediate use - and suitable for pretty much all purposes, from graduates to executives, and including templates for 'special cases', e.g. legal, medical, IT, teaching, etc. There's also a special offer for The CV Centre's services. A key feature of the book - nothing quite like it exists in competing titles - is a chapter covering the 15 most common cover letter mistakes and how to avoid them (based on extensive statistical analysis The CV Centre has undertaken of many thousands of cover letters). Only a tiny percentage of cover letters manage to avoid all these mistakes and most are victim to several. Avoiding these mistakes makes all the difference to whether your application ends up in the 'yes' pile or the 'no' pile - also known as the bin! Companion website: www.ineedacv.co.uk/readertools.

Cover Letters, Follow-Ups, Queries and Book Proposals Anne Hart, 2004 Once your cover letter is positioned first to be noticed, then how do you position the letters to be noticed for the longest time in a number of situations? What kind of thank-you letters work best? How do you ask for help in finding a job from a letter to a stranger, acquaintance, or business networking contact? How do you write a cover letter that will never be misinterpreted as a sales pitch or autobiography? How do you plan, write, and format an outstanding book proposal that lets the reader see the bottom line--profit for the publisher? Positioning your goal or project first means going where no one has gone before. It's where the competition is missing. Go where no one else has gone before when you plan, write, and format great cover letters, follow-up letters, and book proposals. Cover and follow-up letters or proposals could be applied to book proposals, book proposal cover letters, written marriage proposals, pre-nuptials, and courting. Cover letters could apply to love letters, letters to friends and relatives, business contacts at trade shows, or literary agents. How do you use cover and follow-up letters to position first your resumes, proposals, relationship communications, marketing or sales connections and connections? After cover letters,

how to you plan, write, and position first your follow-up letters? What types of letters bring people together? Act as a catalyst? Get you an interview? Position you first for inclusion in a job, business, or relationship? What type of letters position first, attract, and sell what you can do without looking like sales letters? What types of cover and follow-up letters are best sent with a resume?

Get It Done: Write a Cover Letter Jeremy Schifeling,2018-09-25 Want to write the perfect cover letter? But don't have time to read through a 300-page book first? Then Get It Done is for you. Here's why it's been a Kindle best-seller for six years in a row: 1) It's fast - The whole book takes about 30 minutes to read. 2) It's to the point - It breaks the cover letter down to 12 parts and gives you a precise template to complete for every single step. 3) It works - I developed this system while serving as a Recruiter for Teach For America. I've since taught it to MBAs as a Career Coach at the University of Michigan, leading to job offers from Apple, GE, Microsoft, Amazon, LinkedIn, and Google. And the system has even been featured in U.S. News & World Report: <http://money.usnews.com/money/careers/articles/2015/01/21/5-cover-letter-cliches-that-make>

employers-*cringe* So get your cover letter done today. And then get ready to land an awesome job next! What job seekers are saying... If you're anything like me, you detest writing cover letters. This is a short, concise book that will quickly spell out the steps you need to take to write a solid, well-thought out cover letter. -Rebecca This book was a a major benefit to my post-grad job search. I was struggling to portray some past experience to potential recruiters. I was hardly getting noticed and unable to land interviews; I was just another piece of paper in the deck. Jeremy's beneficial insight to the cover letter was against my traditional understanding. His direct nature and step by step guidance proved to be beneficial in my search. I was able to go through the book and develop a brand new cover letter from scratch in less than an hour. Given the price of the book and the time it takes to go through, there is absolutely no excuse why you shouldn't buy it right now and start fresh in conveying your background to your next employer. -LJ If you, like me, hate writing cover letters, then this book is for you. Before reading this book, I was not even using cover letters because I thought they didn't matter, and I didn't know what to say. I just sent as many resumes as possible to as many job postings as possible. This book changed my life. It convinced me, no doubt one of the most shameless no-cover-letter resume spammers out there, to stop and write a cover letter. Plus Schifeling lays out a series of clear quick steps that make it easy and anxiety free. -Jane E Nevins What you'll get... -A sample cover letter using the exact same approach that the author and hundreds of others have used to land jobs from Amazon to Zynga -A cover letter template that's broken down into step-by-step chunks, making it easy to apply to your own application - The definitive cover letter format that recruiters and hiring managers prefer, based on actual recruiting and hiring experience
