Flip! How the Frisbee Took Flight Margaret Muirhead,2021-04-27 The origin story of the Frisbee soars with unexpected twists and turns. Fred Morrison is credited as the inventor of the Frisbee, but for centuries folks have been flipping for flying discs. Ancient Greeks flicked discs, and beginning in the 1920s, college kids at Yale University were tossing pie tins. Fred lived in California and had no idea about ancient Greeks or East Coast college kids. His invention quest began in 1932 after tossing a tin popcorn lid around the backyard. For more than twenty years, Fred and his wife, Lu, tried and failed to perfect a flying-disc concept. Eventually they created what we know today as the Frisbee. Their story is full of good old-fashioned perseverance, success, and fun!

The Stardust in My Soulbones Rebekka Kaur,2020-05-11 This book compiles poems written by a person who believes that the sky is not the limit; it never was. It is an expression of the distance traveled by the words between the home built by the human race here and the interstellar forces swarming around the Cosmos. So, the writer has nicely captured the words dipped in stardust and wisdom into beautiful poetries to make you envision beyond the mundane existence of daily life. It will take you to places covered in the space dust that you have accumulated while traveling to different places in this milky way and beyond. The poems will make you see that you are much more than the bones and blood and tissues and this world is

much more than your eyes can see. Just like a spell, the words in the poems might make you see the extraordinary you, living under the human skin and also, might set you in the direction which will take you to places that are left unseen and unnoticed by the analytical mind of yours. These poems are more like chants that the writer happened to capture for you to read; so that you have something to look upon, the next time you look up in the sky. It's for you to look at what is hiding in the upper layers of the atmosphere of this blue gem. Sometimes, you just need the eyes to look at what's up there and if you don't have them, even standing on the surface of the moon won't seem magical to you. I hope these poems will give you that kind of light to your eyes.

The Art and Flair of Mary Blair (Updated Edition) John Canemaker, 2014-05-20 For more than a dozen years, a soft spoken, unassuming woman dominated design at The Walt Disney Studios with a joyful creativity and exuberant color palette that stamped the look of many classic Disney animated features, including Cinderella and Peter Pan. Favorite theme park attractions, most notably the It's A Small World boat ride, originally created for the 1964 New York World's Fair, were also among her designs. Now the story behind one of Walt's favorite artists is celebrated in this delightful volume of whimsical art and insightful commentary. In her prime, Mary Blair was an amazingly prolific American artist who enlivened and influenced the not-so-small worlds of film, print, theme parks, architectural decor, and advertising. Her art represented and communicated pure pleasure to the viewer. Mary Blair's personal flair was at one with the imagery that flowed effortlessly and continually from her brush for more than half a century. Walt Disney loved her art and championed it at the Studio. The two shared many sensibilities, including a childlike fondness for playfulness in imagery.

Better Than Happy Jody Moore,2021-09-15 Our unconscious thought patterns determine our relationships, our spiritual life and our connection to God to a much greater extent than we know. That's an alarming thought, because the subconscious mind is a mysterious realm that is really difficult to access and influence...right? No. It's really not! And it's the most urgent and impactful thing we can do. This book will show you how. How do I choose faith over fear when my loved ones are making poor choices? Why don't I feel happier if I'm reading and praying like I've been taught? How can I stop feeling like I'm just not good enough? What am I to do when my spouse is judgmental of me? How do I trust in Christ when everything seems to

be falling apart? Get answers to these and other tough questions in the context of Christ-centered principles throughout this book. Jody Moore is a Master Certified Life Coach who has taught and coached tens of thousands of women through her in-person and online workshops and podcast. She brings her characteristic clarity, wisdom, humor and disarming honesty to this groundbreaking book. In *Better Than Happy*, Jody shows how a simple 5-step model she uses in every session with her clients can reveal the unconscious patterns of thoughts that keep us from deeper and healthier connection with ourselves, with our loved ones and with God. Jody then shows how, once we clear the debris of our unconscious patterns of thought, new streams of understanding of Christ's teachings begin to flow. I am a mother of 4, a member of The Church of Jesus Christ of Latter-Day Saints, and a woman trying to figure out how to minimize resentment, overwhelm and guilt, and replace them with happiness, gratitude and joy. Three years after getting married I found myself with two kids under age 2, a loving husband, and a lot of self-loathing. I struggled with the duties associated with being a mom and wife and then I felt guilty for feeling that way. After all, this was the life I thought I'd always wanted. I have a BA in Communications and an MA in Adult Education along with 15 years of experience as a Corporate Trainer and Leadership Coach, but what has helped me the most to overcome my struggles and to conquer all of my goals, are the tools I use now to coach my clients. Thanks to my extensive training with Brooke Castillo of The Life Coach School, I am now a Certified Life Coach, and I couldn't be more proud of the work I get to do in the world.
