*Soaring the Silvery Summits* Dr. Barry W. Dutton,2022-11-23 Let's meet our author, Dr. Barry W. Dutton. Near the ending of the twentieth century and the beginning of the twenty-first, Dr. Dutton's volume of work and life experience had caught the attention of Charles Williams, a renowned and celebrated orator of that time. When speaking of our author, Mr. Williams offered the following insight. A great mind and soul are somewhat like a great sea--deep and filled with marvelous things. Such are the mind and soul of Barry Dutton. He is, in the truest sense, alive, and this book, a product of his mind, lives. He will take you by the hand and lead you through the scenes of the years. His incredible way with words will make sunsets linger on an ever-changing evening sky and sunrises sparkle and scintillate with new fire each glorious day. He will show you the high ranges of life's better moments as well as the deep valleys when shadows lay heavy about, and make us fear to tread. Barry Dutton will be honest. He will tell it like it is; and when he is through, you will be glad you took this voyage with one of America's premier preachers. You will know that great men and women have been hammered and honed and, in the process, have emerged the shining Better Self. The skills and gifts of Barry and his wife, Tavia, are not the products of easy years, but of persistence in spite of pain, patience in spite of perils, and progress in spite of problems.

**Blank Family Tree Activity Book** ,2015-12-25 So many people have the desire to research their ancestry and document it. Then, of course, there's all those memories, old stories, places to stick pictures, and key items that need writing down. There's just no good spot to do this either, without spending a fortune. No worries. This book has all you need to get going. Your family tree keep-sake will be done in no time, thanks to this book. Just fill in the

pages and you will have something you can keep for generations to come.

**Social History, Local History, and Historiography** Roger C. Richardson, 2011-09-22 This wide-ranging volume collects together twelve of the author's longer essays, mainly drawn from those first published in the last two decades. Chiefly consisting of micro-studies of a variety of different aspects of early modern English history, the book concerns itself with social and economic change, the period of the English Revolution and its long-lasting impact, with Puritanism, with the family as a social institution, and with historical consciousness and different forms of historical writing. Some of the essays focus on a particular individual, not all well known - William Camden, John Milner, and Ralph Dutton - to open up a broader theme. One boldly attempts a comparison over three centuries of the evolution of local history as a subject on both sides of the Atlantic. Two other essays reach out into the nineteenth and twentieth centuries but do so with echoes of the subject matter of some of those dealing with the early modern period. The inter-connectedness of social history, local history, and historiography is stressed and illustrated throughout. Both specialists and non-specialists will find much to interest them in this varied and rewarding volume.
