The Wolf of Wall Street Jordan Belfort,2011-09-01 Stock market multimillionaire at 26. Federal convict at 36. The iconic true story of greed, power and excess. THE INTERNATIONAL BESTSELLER AND MAJOR MOVIE SENSATION, DIRECTED BY MARTIN SCORSESE AND STARRING LEONARDO DICAPRIO 'What separates Jordan's story from others like it, is the brutal honesty.' - Leonardo DiCaprio By day he made thousands of dollars a minute. By night he spent it as fast as he could. From the binge that sunk a 170-foot motor yacht and ran up a \$700,000 hotel tab, to the wife and kids who waited for him for at home, and the fast-talking, hard-partying young stockbrokers who called him king and did his bidding, here, in Jordan Belfort's own words, is the story of the ill-fated genius they called THE WOLF OF WALL STREET. In the 1990s Jordan Belfort became one of the most infamous names in American finance: a brilliant, conniving stock-chopper who led his merry mob on a wild ride out of the canyons of Wall Street and into a massive office on Long Island. It's an extraordinary story of greed, power and excess no one could invent - and then it all came crashing down. Social Media Is Bullshit B. J. Mendelson, 2012-09-04 A provocative look at social media that dispels the hype and tells you all you need to know about using the Web to expand your business If you listen to the pundits, Internet gurus, marketing consultants, and even the mainstream media, you could think social media was the second coming. When it comes to business, they declare that it's revolutionizing advertising, PR, customer relations—everything. And they all agree: it is here to stay. In this lively, insightful guide, journalist and social critic B.J. Mendelson skillfully debunks the myths of social media. He illustrates how the notion of social media first came to prominence, why it has become such a powerful presence in the marketing field, and who stands to benefit each time it's touted in the press. He shows you why all the Facebook friends and Twitter followers in the world mean nothing to you and your business without old-fashioned, real-world connections. He examines popular tales of social media success, and reveals some unsettling truths behind the surface. And he tells you how to best harness the potential of the Internet—without spending a fortune in the process. Social media is bullshit. This book gives the knowledge and tools you really need to connect with customers and grow your brand.

The Online Advertising Playbook Joe Plummer, Stephen D. Rappaport, Taddy Hall, Robert Barocci, 2007-07-20 Praise for The Online Advertising Playbook Finally, someone has documented all we know about online advertising and how to do it right. As much as this confirms that online advertising really works, we know that marketers don't always get it right. The ARF's The Online Advertising Playbook provides critical insight on what sticks and what doesn't in online advertising and marketing. —Greg Stuart, CEO and President, Interactive Advertising Bureau and coauthor of What Sticks The Online Advertising Playbook's principles, case studies, and strategic insights equip marketers with the best knowledge available. It will help your online advertising achieve the full range of marketing objectives, from lead generation and customer acquisition to driving trial and loyalty. —Tim Kopp, Vice President, Global Interactive Marketing, The Coca-Cola Company To grow interactive marketing from here we need to institutionalize our wisdom and experience about what works. This book explains, in a disciplined way, what marketers have learned from a decade of massive change. —Ted McConnell, Interactive Innovation Director, Procter & Gamble The Online Advertising Playbook is a milestone in the maturation of interactive advertising, but also an invaluable go-to guide for managers trying to make smart decisions with their advertising budgets. —Van Riley, Vice President of Research, AOL The best marketing communication is spawned from what I call 'informed intuition.' After reading The Online Advertising Playbook, I am far better informed on how to optimize the online channel in our advertising and promotional programs. It's a perfect blend of case studies and research-backed learning. —Rod DeVar, Manager, Advertising and Promotion, United States Postal Service Savvy marketers should take advantage of The Online Advertising Playbook's findings and principles to get real results. —Chris Theodoros, Director of Industry Relations, Google A work of wisdom and rigor in the digital space that is as relevant for the newbie as it is for the digerati. —Mike Donahue, Executive Vice President, American Association of Advertising Agencies This is a must-read for any marketing executive involved in online advertising. It's high time that a book looks at online advertising in the context of an integrative promotional strategy, one meant to set objectives, establish creative strategies, and measure results. The book nicely ties the various components of online advertising to relevant case studies, and the emphasis on measurement and results is refreshing. Not only is it relevant for marketing executives, it would also be a good basic text for any Internet advertising course and a good adjunct to any Internet marketing course. —Henry Assael, Professor of Marketing, Stern School of

Reverse Wine Snob Jon Thorsen, 2015-06-16 Most rational people don't pay \$40 for \$20 items. And yet with wine, it happens all the time. Wine can be an expensive hobby. Founder of the popular site ReverseWineSnob.com, Jon Thorsen is an unapologetic frugal wine consumer. He flips wine snobbery on its head by pushing a \$20 or less mantra. Reverse Wine Snob is designed to help wine drinkers stop wasting money and get the most satisfaction out of their drinking dollars. It reveals Thorsen's Ten Tenets of Reverse Wine Snobbery—ten beliefs that eliminate myths about wine—as well as a unique rating system that includes the cost of the bottle so that there is satisfaction in both taste and price. In Jon's unique system, the more expensive a wine, the better it must taste. Reverse Wine Snob explains: The number one rule all wine drinkers should follow, no matter what the wine snobs say. How to shop for wine at stores like the nation's #1 wine retailer Costco and Trader Joe's. The regions and varieties of wine that give the best value. Why the price of a wine has nothing to do with its taste. Why the distribution system in the US is broken which costs you money and limits your wine choices. Tons of Jon's very favorite wine picks. Jon dabbles in every kind of wine from \$10 kitchen sink blends to the \$20 "Saturday Night Splurge," so delicious it's worth twice the price. Reverse Wine Snob brings plain old common sense to the wine industry and encourages wine lovers to explore the world of inexpensive quality wine.
