Ditch That Textbook Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

The Educator's Guide to Designing Games and Creative Active-Learning Exercises Joe Bisz,Victoria L. Mondelli,2023 Every educator's imaginative instincts will be guided by this book's practical design method, which harnesses the power of play for student learning. Teachers from all disciplines and levels can create a full spectrum of engaging exercises through the authors' six accessible ALLURE steps: Ask where to apply the play. List the mental moves. Link the mental moves to the play. Understand how the learning principles operate. Run the activity-game. Evaluate the learner experience. Along with principles from game-based learning pedagogy, readers will explore a framework of original complex mechanic teaching templates, which will help their fledgling instructional activities cross the bridge into fully formed games. Beginners and veterans will find multiple entry points, from adding a single playful element (student roles to discussions) to more elaborate designs (riddles and simulations). They will also learn different levels of producing physical tabletop components (cards, boards, plastic pieces) or light digital options (discussion board riddles, Google Slides games). Born from the authors' extensive experiences running professional development workshops, this guide has been frequently requested by teachers at the secondary school and college levels, librarians, instructional designers, and others caught by the allure of educational games and play. Book Features: Offers hands-on, practical advice about how to be more playful with your students, with a focus on nondigital activities and games. Written in the language of instructional design, so advanced knowledge about games or technology is not required. Provides creative instructional techniques that will boost student engagement for both in-person and online instruction. Includes more than two dozen original illustrations and designs to aid understanding. Addresses the need for accessible, inclusive learning environments.

Building PowerPoint Templates Step by Step with the Experts Echo Swinford,Julie Terberg,2012-09-28 Building

PowerPointTemplates Supercharge your PowerPoint® presentations with custom templates and themes! Want to create presentations that are more consistent and cost-effective? Presentations that fully reflect your branding? Then don't settle for Microsoft's "out-of-the-box" templates and themes: create your own! In this easy, hands-on guide, two PowerPoint MVPs teach you every skill and technique you'll need to build the perfect template—from planning and design, through theme building, custom layouts, colors, and deployment. Echo Swinford and Julie Terberg have distilled their immense PowerPoint knowledge into simple, step-by-step techniques you can use right now, whether you're using PowerPoint 2010 or 2007 for Windows, or PowerPoint 2011 for Mac. Well-built templates are the backbone of great presentations—whether building them for your own use or designing for thousands of users, this book will guide you through the process of creating the most effective templates. Important Note: Upgrading from older versions of PowerPoint, such as PowerPoint 2003? Your old templates may no longer work. This book will help you make the transition painlessly!

- Plan new templates and themes to maximize their business value for years to come
- Understand the differences between templates and themes, and how they work together
- Make better choices about color, fonts, and slide layouts
- Create efficient templates for individual users, teams, and large organizations
- Incorporate Notes and Handout Masters into your presentation templates
- Provide example slides and default settings that lead to better presentations
- Use Microsoft's little-known Theme Builder to create effects and background styles
- Work around hidden quirks in PowerPoint's advanced template and theme features

Echo Swinford, a Microsoft PowerPoint MVP since 2000, has been a featured speaker at the Presentatio Summit (formerly PowerPoint Live) since its inception. She is the expert voice and instructor behind PowerPoint 2010 LiveLessons (Video Training), the author of *Fixing PowerPoint Annoyances* and co-author of *The PowerPoint 2007 Complete Makeover Kit*. Julie Terberg is a Microsoft PowerPoint MVP and featured speaker at the Presentation Summit. She is the owner of Terberg Design and has been designing presentations since the mid-1980s. She is co-author of *Perfect Medical Presentations*. As contributing author for *Presentations Magazine*, she won awards for her Creative Techniques columns.

I'll Take Learning for 500 Dan Yaman, Missy Covington, 2006-04-20 *I'll Take Learning for 500* shows you how to leverage the excitement and entertainment inherent in game shows by using them to increase participant involvement as well as information retention and comprehension. This book will help trainers and teachers to select, create, modify, and employ game shows as a powerful, effective learning tool. The authors illustrate all of the many different elements that are required to make an effective game show—from writing effective questions to changing pre-existing game show rules, hosting, and creating new games. They offer expert advice on selecting the best game to fit the purpose of the training, tailoring and customizing it for a specific situation, and effectively presenting it to create a dynamic and exciting learning experience. The CD that accompanies the book includes several valuable game show templates that trainers can immediately pick up and use as a hands-on resource.

Practical Peer-to-Peer Teaching and Learning on the Social Web Hai-Jew, Shalin, 2021-11-19. On the Social Web, people share their enthusiasms and expertise on almost every topic, and based on this, learners can find resources created by individuals with varying expertise. Through this trend and the wide availability of video cameras and authoring tools, people are creating DIY resources and sharing their knowledge, skills, and abilities broadly. While these resources are increasing in

availability, what has not been explored is the effectiveness of these resources, peer-to-peer teaching and learning, and how well this content prepares learners for professional roles. *Practical Peer-to-Peer Teaching and Learning on the Social Web* explores the efficacies of online teaching and learning with materials by peers and provides insights into what is made available for teaching and learning by the broad public. It also considers intended and unintended outcomes of open-shared learning online and discusses practical ethics in teaching and learning online. Covering topics such as learner roles and instructional design, it is ideal for teachers, instructional designers and developers, software developers, user interface designers, researchers, academicians, and students.

The World Language Teacher's Guide to Active Learning Deborah Blaz, 2022-09-30 Enhance your students' success and improve the likelihood of retention with the easy-to-implement activities and strategies in this book! Bestselling author Deborah Blaz shows how to create a classroom in which students can actively experience and explore a world language. The new edition features updates in every chapter and incorporates the latest ACTFL standards, more information on teaching with authentic resources, a new chapter on teaching with technology, and additional resources for personalized learning. It is organized to allow you to easily find and pull activities you want to use in your classroom the very next day. You'll learn how to... mix up your repertoire of activities, games, and exercises to keep students engaged; introduce students to the culture of the language you teach by hosting parties and celebrations; overcome some of the biggest obstacles in the path to fluency, including verb conjugation, using object pronouns, and the subjunctive mood; customize your teaching strategies to accommodate a broader range of talents, skills, and intelligences; implement new assessment strategies to improve verbal skills and reading comprehension; and more! Bonus: Downloadable versions of some of the resources in this book are available on the Routledge website at www.routledge.com/9781032258294 so you can print and distribute them for immediate classroom use.

Slides for Students Gary D. Fisk, 2018-10-16 300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. *Slides for Students* does just that. *Slides for Students* is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, *Slides for Students* discusses the history of powerpoint, explores academic studies on the topic, and demonstrates how to design slides to best suit educational needs and engage with students to avoid the dreaded death by powerpoint.

Heartbeat Sharon Creech, 2009-10-06 "A stunning accomplishment. This story pierces the heart." —Chicago Sun-Times

RUN RUN RUN. That's what twelve-year-old Annie loves to do. When she's barefoot and running, she can hear her heart beating...thump-THUMP, thump-THUMP. It's a rhythm that makes sense in a year when everything's shifting: Her mother is pregnant, her grandfather is forgetful, and her best friend, Max, is always moody. Everything changes over time, just like the apple Annie's been assigned to draw a hundred times. Newbery Medal winner Sharon Creech masterfully weaves this tender and intuitive story told in free verse about a young girl beginning to understand the many rhythms of life, and how she fits within them. Named one of the New York Public Library's 100 Titles for Reading and Sharing "Tenderhearted. Vintage Creech. Its richness lies in its sheer simplicity." —School Library Journal (starred review) "The story soars as Annie's feet fly." —Bookpage
