Reading The Dead J.B. Cameron,2013-02-14 While investigating the brutal murders committed by a mysterious serial killer known only as Raithe, bookish LAPD Detective Sarah Milton is unprepared to have her entire world turned upside down. Innate powers to see the dead, lying dormant since her mother's murder, have reawakened in her after a near-fatal shooting. Along for the ride is Sarah's irrepressible thirteen-year-old childhood imaginary friend, Anna Nigma, a most atypical poltergeist. Amid fears for her sanity, Sarah must come to grips with the realization that her reality is now a mix of the natural and supernatural, where powerful, ancient mystic symbols can grant amazing powers over life and death, and paranormal influence extends even into her current murder investigation. Forced to hide her abilities from everyone, Sarah and Anna have no choice but to bring Raithe to justice on their own, before the sinister forces behind his murder spree claim yet another victim.

The Professor Is In Karen Kelsky,2015-08-04 The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-

academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application - Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap - Making the leap to nonacademic work, when the time is right The Professor Is In addresses all of these issues, and many more.

Aftermath Rachel Cusk,2012-02-23 Using her own life as a starting point, Rachel looks at the issues that arise for a woman in the years after she has lived the defining experiences of femininity. She writes about marriage, separation, motherhood, work, money, domesticity and love. Cusk considers the kinds of generational knowledge the contemporary woman harbours, the terrors or expectations that have been passed down to her and that are refracted through the modern

transformation of female status. Aftermath is written in the personal/political mode that characterised A Life's Work, Cusk's acclaimed book about becoming a mother.
