A Red & Pleasant Land Lamentations of the Flame Princess, 2017-07 A terrible Red King wars with an awful Queen, and together they battle into being a rigid, wrong world... and this book has everything you need to run it. (And any other place in your first, second, third, fourth or fifth edition game that might require intrigue, hidden gardens, inside-out-rooms, scheming monarchs, puzzles or beasts, liquid floors, labyrinths, growing, shrinking, duelling, broken time, Mome Raths, blasphemy, croquet, explanations for where players who missed sessions were, or the rotting arcades and parlors of a palace that was once the size of a nation.)

Nobody Wants to Read Your Sh*t Steven Pressfield, 2016-06-12 There's a mantra that real writers know but wannabe writers don't. And the secret phrase is this: NOBODY WANTS TO READ YOUR SH*T. Recognizing this painful truth is the first step in the writer's transformation from amateur to professional. From Chapter Four: "When you understand that nobody wants to read your shit, you develop empathy. You acquire the skill that is indispensable to all artists and entrepreneurs—the ability to switch back and forth in your imagination from your own point of view as writer/painter/seller to the point of view of your reader/gallery-goer/customer. You learn to ask yourself with every sentence and every phrase: Is this interesting? Is it fun or challenging or inventive? Am I giving the reader enough? Is she bored? Is she following where I want to lead her?"

The Story Grid Shawn Coyne, 2015-05-02 WHAT IS THE STORY GRID? The Story Grid is a tool developed by editor Shawn Coyne to analyze stories and provide helpful editorial comments. It's like a CT Scan that takes a photo of the global story and tells the editor or writer what is working, what is not, and what must be done to make what works better and fix

what's not. The Story Grid breaks down the component parts of stories to identify the problems. And finding the problems in a story is almost as difficult as the writing of the story itself (maybe even more difficult). The Story Grid is a tool with many applications: 1. It will tell a writer if a Story ?works? or ?doesn't work. 2. It pinpoints story problems but does not emotionally abuse the writer, revealing exactly where a Story (not the person creating the Story'the Story) has failed. 3. It will tell the writer the specific work necessary to fix that Story's problems. 4. It is a tool to re-envision and resuscitate a seemingly irredeemable pile of paper stuck in an attic drawer. 5. It is a tool that can inspire an original creation.

Guilty Pigs Katy Barnett,Jeremy Gans,2022-02-02 An illuminating and entertaining history of the law's treatment of animals Trespassing bees, murderous zebras, reasonable cows ... Ever since Biblical times, animals have been clashing with human laws. What to do with animals that injure or kill people, in particular, has long troubled humans. In medieval Europe, 'killer' animals - horses, cattle and most often pigs, which were notorious for eating young children - were put on trial. Even in the early twentieth century, circus elephants who lashed out at their keepers in America were summarily executed for their crimes. In Guilty Pigs, animal law experts Katy Barnett and Jeremy Gans guide readers through the philosophy and practice of animal-related law, from the very earliest cases to the issues we are debating today, including the responsibilities of pet owners and the application of human rights to animals. They also cover hunting rights, using animals to solve crime, protecting animals from abuse and neglect, and the unique nature of owning a living being. Filled with lively and sometimes bizarre case studies, this is a fascinating and entertaining read - for all lovers of misbehaving creatures. Katy Barnett is a professor of law at the University of Melbourne. She is the author of the young adult novel The Earth Below and co-author of Remedies in Australian Private Law. Jeremy Gans is a professor of law at the University of Melbourne. He is the author of Modern Criminal Law of Australia and The Ouija Board Jurors: Mystery, Mischief and Misery in the Jury System, a true crime book. He is a co-author of Uniform Evidence.

A Thousand Years of Nonlinear History Manuel De Landa, 2021-09-14 Following in the wake of his groundbreaking work *War in the Age of Intelligent Machines*, Manuel De Landa presents a brilliant, radical synthesis of historical development of the last thousand years. *A Thousand Years of Nonlinear History* sketches the outlines of a renewed materialist philosophy of history in the tradition of Fernand Braudel, Gilles Deleuze, and Félix Guattari, while engaging — in an entirely unprecedented manner — the critical new understanding of material processes derived from the sciences of dynamics. Working against prevailing attitudes that see history merely as the arena of texts, discourses, ideologies, and metaphors, De Landa traces the concrete movements and interplays of matter and energy through human populations in the last millennium. The result is an entirely novel approach to the study of human societies and their always mobile, semi-stable forms, cities, economies, technologies, and languages. De Landa attacks three domains that have given shape to human societies: economics, biology, and linguistics. In each case, De Landa discloses the self-directed processes of matter and energy interacting with the whim and will of human history itself to form a panoramic vision of the West free of rigid teleology and naive notions of progress and, even more important, free of any deterministic source for its urban, institutional, and technological forms. The source of all concrete forms in the West's history, rather, is shown to derive from internal morphogenetic capabilities that lie within the flow of matter—energy itself. A Swerve Edition.

From Blood and Ash Jennifer L. Armentrout, 2020-03-30 Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor

bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel.
