**The Other Wes Moore** Wes Moore, 2010-04-27 NEW YORK TIMES BESTSELLER • From the governor of Maryland, the “compassionate” (People), “startling” (Baltimore Sun), “moving” (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. Selected by Stephen Curry as his “Underrated” Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn’t shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they’d hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, The

Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world.

**Ditch That Textbook** Matt Miller,2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In Ditch That Textbook, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. Ditch That Textbook is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

**Spaghetti in a Hot Dog Bun** Maria Dismondy, Kim Shaw, Kathy Hiatt, 2016-02-04 Lucy has big hair, eats fun foods and is teased by a boy named Ralph at school because she is different. She tries to be brave but she wishes the teasing would stop. What should I do? she asks herself over and over. Lucy's Papa Gino reminds her to do the right thing and treat people with kindness. So when Ralph gets stuck on the playground and needs help, will Lucy use this chance to teach Ralph a lesson? Or will she have the courage to be true to herself and make the right choice with an act of kindness? Readers of all ages can empathize with Lucy's brave journey as she sets out to rise above Ralph's mean words, stay true to herself and build her self-esteem every step of the way. This book comes with a free Reader's Companion, complete with discussion questions, lesson plans and activities for children to go beyond the book. Download your copy direct from the publisher website. The best book for teaching kindness and confronting bullying. *Spaghetti in a Hotdog Bun* is perhaps the most beloved book by award-winning author Maria Dismondy. It carries the key message of love, courage and positivity supported by the many advocates of positive parenting solutions. It will sit comfortably on your shelf alongside other books that focus on emotions, confidence and bullying. Like the work of Adir Levy (*What Would Danny Do?*) and Jacquelyn Stagg (*Kindness Starts with You*).

*My First Kwanzaa Book* Deborah M. The first book about Kwanzaa written especially for young children.

**Design Thinking for Training and Development** Sharon Boller, Laura Fletcher, 2020-06-09 Better Learning Solutions Through Better Learning Experiences When training and development initiatives treat learning as something that occurs as a one-time event, the learner and the business suffer. Using design thinking can help talent development professionals ensure learning sticks to drive improved performance. *Design Thinking for Training and Development* offers a primer on design

thinking, a human-centered process and problem-solving methodology that focuses on involving users of a solution in its design. For effective design thinking, talent development professionals need to go beyond the UX, the user experience, and incorporate the LX, the learner experience. In this how-to guide for applying design thinking tools and techniques, Sharon Boller and Laura Fletcher share how they adapted the traditional design thinking process for training and development projects. Their process involves steps to: Get perspective. Refine the problem. Ideate and prototype. Iterate (develop, test, pilot, and refine). Implement. Design thinking is about balancing the three forces on training and development programs: learner wants and needs, business needs, and constraints. Learn how to get buy-in from skeptical stakeholders. Discover why taking requests for training, gathering the perspective of stakeholders and learners, and crafting problem statements will uncover the true issue at hand. Two in-depth case studies show how the authors made design thinking work. Job aids and tools featured in this book include: a strategy blueprint to uncover what a stakeholder is trying to solve an empathy map to capture the learner's thoughts, actions, motivators, and challenges an experience map to better understand how the learner performs. With its hands-on, use-it-today approach, this book will get you started on your own journey to applying design thinking.

**Visualize Complex Processes with Microsoft Visio** David J Parker, Senaj Lelic, 2023-05-12 Streamline your business

by creating clear, concise process diagrams with Microsoft Visio, and share them securely for viewing, reviewing, and collaboration Purchase of the print or Kindle book includes a free PDF eBook Key Features Learn built-in diagram types or create custom ones to describe flow steps effectively Unlock the skills and techniques needed to efficiently and speedily capture and communicate complex flows Understand how to store securely, integrate with other apps, and import and export flow steps Book Description Every business has process flows, but not all of them are fully described to or verified for accuracy with each stakeholder. This not only presents a risk for business continuity but also removes the ability to make insightful improvements. To make these complex interactions easy to grasp, it's important to describe these processes visually using symbology that everybody understands. Different parts of these flows should be collaboratively developed and stored securely as commercial collateral. Visualize Complex Processes with Microsoft Visio helps you understand why it is crucial to use a common, systematic approach to document the steps needed to meet each business requirement. This book explores the various process flow templates available in each edition of Microsoft Visio, including BPMN. It also shows you how to use them effectively with the help of tips and techniques and examples to reduce the time required for creating them, as well as how you can improve their integration and presentation. By the end of this book, you'll have mastered the skills needed to create data-integrated business flowcharts with Microsoft Visio, learned how to effectively use these diagrams collaboratively, but securely, and understood how to integrate them with other M365 apps, including Excel, Word, PowerPoint, and Power Automate. What you will learn Choose an appropriate flowchart diagram type to describe process steps Develop the skills to efficiently use Visio to draw process flowcharts Discover how to create process flows diagrams to meet the BPMN standard Find out how to synchronize Excel tables with Visio process flowcharts Store flowcharts that can also be used for collaboration securely Understand how to export flowcharts and data to other M365 apps Discover how Visio ShapeSheet functions can increase productivity Who this book is for If you're a manager, analyst, or designer of business processes, then this book will help you create professional process diagrams effectively and consistently to improve the accuracy of communication and facilitate impactful insights. This book will also be useful for beginners or power users who are seeking tips and techniques to capture process flows from context and customize diagrams to meet academic as well as corporate standards.
