The Cool Stuff in Premiere Pro Jarle Leirpoll,Dylan Osborn,Paul Murphy,Andy Edwards,2017-10-11 Gain in-depth knowledge of Premiere Pro, and learn how the software “thinks.” You'll acquire new skills that will help you choose the best workflow for your project, and simplify and accelerate your video editing process. Learn how you can edit a lot faster with smarter workflows that automate several steps in the editing process. You'll also see how custom settings, presets, keyboard shortcuts and templates saves hours of work. By tailoring the software to your needs you save clicks on just about every task. With many traditional jobs now being done by one person, its important to understand audio smoothing, color grading, motion graphics, and advanced editing techniques. You'll learn these skills and disciplines and see how they'll enhance your project's workflow. All the authors are professional editors and want to know exactly how to cut your film as fast as possible with top quality output. There is invaluable information in The Cool Stuff in Premiere Pro that's not available anywhere else – not even in Adobe's own manuals. What You'll Learn Edit faster, no matter what the project Understand the technical stuff, like timeline settings, render codecs, color subsampling, export settings, effect controls and monitor settings Know when to send your clips to other Adobe software, and how to treat them there. Master the Premiere Pro timeline, even stacks of timelines, and edit, trim and adjust with ease Who This Book Is For Video journalists (and everyone else) will learn how to edit faster and get home in time for dinner. Bloggers will learn how to make their online video and audio “pop”. Film cutters will learn how to organize, rough cut and fine tune huge amounts of material effectively and how to output for digital cinema. Experienced video editors will learn how to deal with multi-track audio and to work faster in every step of the edit. Marketing people who edit video for social media and web pages will learn simpler ways to make a faster cut. Teachers in media studies will understand the logic in Premiere Pro, and be better prepared for teaching video editing.

Practical Peer-to-Peer Teaching and Learning on the Social Web Hai-Jew, Shalin,2021-11-19 On the Social Web, people share their enthusiasms and expertise on almost every topic, and based on this, learners can find resources created by individuals with varying expertise. Through this trend and the wide availability of video cameras and authoring tools, people are creating DIY resources and sharing their knowledge, skills, and abilities broadly. While these resources are increasing in availability, what has not been explored is the effectiveness of these resources, peer-to-peer teaching and learning, and how well this content prepares learners for professional roles. Practical Peer-to-Peer Teaching and Learning on the Social Web

explores the efficacies of online teaching and learning with materials by peers and provides insights into what is made available for teaching and learning by the broad public. It also considers intended and unintended outcomes of open-shared learning online and discusses practical ethics in teaching and learning online. Covering topics such as learner roles and instructional design, it is ideal for teachers, instructional designers and developers, software developers, user interface designers, researchers, academicians, and students.

Adobe Premiere Pro Ben Goldsmith, 2021-03-04

Adobe Premiere Pro: A Complete Course and Compendium of Features is your guide to creating, editing, and enhancing videos in Adobe Premiere Pro. Whether you're organizing hours of interviews, rapidly splicing news clips before a deadline, or creating your magnum opus, Premiere Pro is the tool for you—and this book will teach you what you need to know.

First, with a complete Course that includes a set of projects and lessons derived from video editor and motion graphic designer Ben Goldsmith, you will learn the procedures needed to use Premiere Pro effectively and professionally. Dozens of exercises are included that can be applied to any videos you have in mind. Through step-by-step lessons, you'll be exposed to all of Premiere Pro's features in practical contexts and its best practices for optimal workflows. To complete the Course, we'll supply lesson documents and their assets to download, so you can work alongside the text.

Then, for greater depth of knowledge and subsequent reference, you'll use the Compendium to uncover more of the "how" and "why" of Premiere Pro. With each topic easy to access, you can find and explore all of Premiere Pro's key features and concepts in depth. With cross references between the Course and Compendium, the two parts of the book complement each other perfectly. Best of all, when the lessons in the Course are done, the Compendium will continue to serve for months and years to come.

Learn step by step how to:

- Set up and organize a project
- Create a timeline and edit your video and audio
- Sweeten and master audio
- Use Premiere's powerful multicamera features

- Control graphics and titles
- Unlock Lumetri's professional color grading tools
- And much more!
